Introduction

Dear Valued Customer,

Here is an overview of the evaluation packet process so you have a clear understanding of what is involved before you start. Scoping details for international support must be carefully coordinated. Your cooperation is critical to its success. Please be prepared to devote adequate time and energy to completing this paperwork and never hesitate to call us if you have any questions.

Thank you for your time and effort during this process. We at Big Hairy Dog are working hard to make sure everything is running smoothly for you. Please call 800-377-7776 if you have any questions regarding your upgrade process. Please sign below and fax this sheet along with completed upgrade packet to 916-368-1411. Thank you.

I have read this sheet and understand my part in the evaluation process.

Signature: _____ **Title:** _____

Print Name: _____ **Date:** _____

Company Name: _____

Contact Information

Please fill out the following information for your company. This will help us to confirm the contact and billing information that we may already have on file if you're considering an upgrade. This information is for corporate contact at your company.

Store Name: _____

Address: _____

CHECKLIST: Hardware

The information on page 8 should be filled out for each computer using Retail Pro in your company. Failure to submit complete information may delay the transfer/upgrade process. There should be one sheet for each of the “Total # of Retail Pro Workstations” noted on page 3 of this packet. If you have the original invoice of the computer(s) that includes hardware details you may submit those in lieu of this form.

Many technicals details of a PC may be found by:

- 1) *Right-clicking* on the “**This PC**” icon on the desktop and selecting **PROPERTIES**

- 2) Note the details listed under Windows Edition and System

A screenshot of the Windows 'System' information page. Two large white arrows point from the left towards the 'Windows edition' and 'System' sections. The page displays the following information:

- View basic information about your computer**
- Windows edition**: Windows 10 Pro, © 2018 Microsoft Corporation. All rights reserved.
- System**:
 - Processor: Intel(R) Core(TM) i7-7700 CPU @ 3.60GHz 3.60 GHz
 - Installed memory (RAM): 16.0 GB (15.9 GB usable)
 - System type: 64-bit Operating System, x64-based processor
 - Pen and Touch: No Pen or Touch Input is available for this Display

Logos for Windows 10, Dell, Energy Star, and TCO are visible at the bottom right, along with a 'Support Information' link.

Store Name: _____	Store #: _____	Workstation #: _____
--------------------------	-----------------------	-----------------------------

Dolphin (with Foundry Logic software) Other _____

Do you have any **customizations** in Retail Pro? Yes No

If Yes, please provide a description of the customizations and any documentation that was provided with them.

REPORTS

If upgrading to Retail Pro 9, know that the Retail Pro 9 report viewer is significantly different than previous versions of reporting tools. The reporting capabilities are vast, but minor edits to canned reports that were easily made in prior versions now require the use of an external report writing program (Crystal Reports, for example).

Please attach a copy of the first page of all reports that you have modified in prior versions of Retail Pro that you will plan to use in Retail Pro 9. We will confirm that these reports are already created in Retail Pro 9, and in the event that we find one that needs to be remade we will give you an estimate of work to recreate or provide training on how to use Crystal Reports to modify these reports on your own.

This will be discussed in more detail during your Retail Pro upgrade training. The purpose of gathering this information now is to assess your reporting needs and to provide the most accurate estimate of work for the upgrade.
